

April 22, 2013 Coalition Meeting

In Attendance: Sara Gronski, Brittany Mews, Amanda Smagacz

Summer Leadership- Amanda will make a flier up before the May 15th announcement so that it is ready to go. We will bring in speaker or fun event/ community service project to add to the event.

Sara is working with Jim Bakkus to collect data on underage drinking. Current fines are \$50 for a first offense. There is no education required. Sara is working to pull the data and put together a presentation.

We need to look and see what other counties are doing.

Amanda gave a report on the Burden Report and the Alcohol Density Report for Clark County.

We have money in the account that we can use and want to consider offering scholarships for the 2014 graduation year. We would like to start putting things together for this scholarship. It would include an action plan or PSA or another type of strategy to make a difference in Clark County. Need to have it prepared by December

Updates on schools- Some schools are struggling and there is BLAST advisor turn over this school year in two schools with good programs. We discussed possible alternatives for programing outside of school.

We will meet on the May 23rd 4:35, Thursday.

AmeriCorps Summer Jobs

-Underage Drinking Report and action plan for changing

-Teen Court programing

-Scholarship write up
