

Meeting Min 6-14-2012

Erin Draws, Courtney Schoessow, Brittany Boyer, Amanda Smagacz , Susan Fiest,

THM- get something done

Transforming WI- update

Community Festivals

Utilize a reporting mechanism for the community festivals,

SWOT-

Strengths- professionals, diverse, meets frequently, we are getting things done for a new group, website and social media, Statements are in place but need revising, good age ranges of volunteers,

Weakness- poor attendance at meetings, not enough lay people or parents, coalition on meets in one place of county, lack of funding, lack of public presence, Website needs revising, We need a lay person who has a healthy family and hear their perception of the county. We need more data.

Opportunities- Coalition in each community, County website just revised, people sometimes seek us out for information/assistance, Amish (a lot of substance abuse and other abuse).

Threats- potential to not receive funding, lack of interest from the community, youth, culture of alcohol (county and state), culture of parenting,

Next meeting is July 19th, 2012.
