

Clark County Prevention Partnership Youth Coalition

Agenda 8/25/2011

Old Business-Discussed

Working with school districts on their school alcohol policies (Amanda has talked with one school. They have an honesty policy.) Working on a county/conference wide. Too much pressure on sports

Parental support for education and the lack of consequences.

Education on Illegal Substances including Huffing and Meth. Issues with the economy causing more drug dealing.

Drinking Culture

PWHLTM goals for the year

Approve the Minutes

New Business

At the fair there was a suggestion from a Greenwood adult to host a contest for the school districts to design a billboard and then display the billboard in the county. Is this a project that we would like to host as a coalition? Cost of a billboard and how often would we want to host a contest? Contact the billboard company for cost.

BLAST proposal for the Year for the school districts. Three different campaigns will be done this year including: Parents Who Host... An anti-bullying/ create your environment... and a social media and texting dangers.

Changes to this program- Amanda is working from home

Grants- what we are looking for and what we will need to do

More New Business

Adjourn
